Here's a little info. about our sign coach... Olivia:

Olivia is a student at Whitireia and currently studying, Study Career Prep (L3).

"Kia Ora, My name is Olivia

I have known Sign Language for 19 years, as I have two deaf (hard of hearing) parents. 😊

I enjoy doing Sign Language, because I am learning a language where I have a chance to help others who only speak that language (that's also helping my parents too), because of their hearing and also learning a language is like a workout for your brain, no matter what your age.
